Food, Health, & Safety Committee

Minutes of September 4, 2018

Present: Todd Badham, Charee Boulter, Nicole Cariño, Fred Creek, Terry Halvorson, Deborah Hope, Sam Inouye, Qiara Millen, and Collin Noble

The meeting was called to order by ASUPS Vice President Sam Inouye, and introductions were made of all present.

Todd Badham/Security:
- Todd reported that Security has launched its new bike registration, “529 Garage.” There is a link on UPS’ website for students to sign up and register their bikes. They are working on getting the TPD on board to minimize bike theft. Registering bikes includes a shield for the bike, and also places it on the school’s list, which will hopefully deter theft.
- Fall lock down drill will be September 13 at 10:45am. Security has prepared for this event with the TPD, and they will be going through buildings as evaluators.
- Incident Report:
  - A suspect followed a jogger on campus.
  - There was a groping incident in Phibbs Hall last week.
  - Two bike wheel thefts.
  - Several alcohol incidents
  - One theft of a backpack that was left in a car on Union.
  - A car window was damaged in Wheelock Parking lot.
  - Neighborhood kids entered Jones Hall and threw eggs around, but were caught on video and the neighborhood school contacted. Security hopes to speak with the kids' parents.
- Comments/Questions:
  - Collin Noble asked what Security does with any unclaimed bikes, and suggested gifting them to Hilltop Bikes, and offered help giving them out.
  - Collin requested that Security include news of police involvement in lockdown drill in any communications.
  - Qiara Millen asked if there had been a resolution to the groping incident, and Todd reported that as of yet there has been no resolution. The group of students involved was leaving the building. Todd reminded everyone not to give anyone access into buildings who shouldn't be there.
  - Collin suggested working with Debbie Chee’s team regarding issuing security reminders.
  - A discussion ensued regarding the consequences of asking for strangers to show their logger cards, and how that feels to the other person.

Charee Boulter/CHWS:
- Charee reported that she and Libby Baldwin are sharing the interim Director of CHWS position, and are in a search process for the Director.
- CHWS is also in the midst of searching for Chris Edwards’ replacement.
• Charee asked the group’s thoughts regarding shortening CHWS’ open hours. Currently they are open 8:00am-8:00pm, which is proving challenging. They would like to shorten the hours to 6:30pm beginning in October, with the exception of some of the group sessions.
  o Collin noted that there will be pushback from students, and asked if there might be one Tuesday or Thursday evening per week open later.
  o Charee noted that this will not affect wait time for students.

• Other reports:
  o Paolo and Sam are back from the summer.
  o Coping Skills group offered at various times, and other groups are available throughout the week.
  o Emily is back from leave.

Terry Halvorson/Dining Services
• Terry reported that DCS interviewed 85 students for 40 open positions. Current hours have been adjusted for their fewer workers. After training is finished, DCS will be open regular hours.
• The Cellar is offering new lunch specials.
• Diversions is now open only until 10:00pm, with seating until midnight. There will be no staff after 10.
  o Questions were raised regarding when and how the area would be closed, and Terry reported that a portable wall would close the area. Discussion centered around who would lock the door and when, and who would ask students to leave at midnight.
• The GET mobile order app is ready for use beginning September 5. Preparation involved training with the new system. This will be a “soft opening,” with only a few items available. The app is similar to Starbucks’ app, with the ability to order and pay. DCS will have separate pickup areas.
• Text comments:
  o Loved the pesto gnocchi
  o Requests for more vegan protein
  o Requests for vegan/gluten-free bread, which they are working on
  o Request to label pork in items, which is a space issue
  o Request for vegan pesto and enchiladas
  o Question was raised about staff food knowledge, and Terry reported that staff has info sheets available at each station, and that they are able to ask chefs for more info.
  o Loved the mac & cheese bar
  o Request for whole milk in the dinner and American cheese at the deli
  o Request for vegan waffles and hash browns without dairy, which they are trying
  o Bulk almond milk is now available

The meeting was adjourned at 5:00pm. The next FHS meeting will be held on Tuesday, September 18 at 4:00pm.
Respectfully submitted,
Deborah Hope, ASUPS
