Food, Health, & Safety Committee

Minutes of March 27, 2018

Present: Todd Badham, Libby Baldwin, Terry Halvorson, Deborah Hope, Julia Lin, Collin Noble, and Elena Staver

The meeting was called to order by FHS Chairperson Elena Staver, and introductions were given from all attending. The following reports were given:

Todd Badham/Security:
- Todd reported that activity has slowed down due to Spring Break.
- Two vehicles were broken into, one of which was a contractor’s truck, and one was a student’s car, which had a backpack stolen.
- The Flea Market had a shoplifting incident.
- There was one alcohol incident over the weekend.
- There will be two new team members beginning this week, and this means Security is fully staffed. The Assistant Director search is going well, and there are plans to meet with a head hunter.
- Todd reminded everyone about the Bike Swap on April 28th at 10:00am.

Libby Baldwin/CHWS:
- Libby reported that the wait for counseling is now 10 days.
- The search for the new Director of CHWS is continuing, with one interview so far, and one more on Friday. There have been a smaller amount of applicants due to other jobs that are also available.
- The number of flu cases has increased, especially Influenza B.
- Self-harm reports are now at 61.
- There will be a suicide prevention program named JED, and a NAMI student is on the committee, which is open to all. Donn is meeting with the committee and will report.
- The Plan B pill is making forward progress. CHWS needs to apply to be a shopkeeper, and Libby will be sorting through the paperwork.

Julia Lin/ASUPS Student Interests
- Julia reported that she has placed the order for vending machine supplies from Amazon, and they should be here soon. An Expressions Fund of $1000 will supply the initial stock, which will be sold at cost. Discrete bags will be provided.
- Todd reported that neighborhood people have been taking condoms from CHWS supplies, which are then found around campus. A suggestion was made to leave out a smaller supply. CHWS is now leaving supplies outside their office during nighttime and weekend hours.

Terry Halvorson/Dining Services
- Texted comments: Requests were made for more vegan items, and Chandra is looking at new ideas. Thanks were received for taking the raisins out of granola, and a complaint was received regarding the lack of avocados.
• Terry reported that the distributor can now get Hi Ball energy drinks, and that Sun Valley products are discontinued due to the retirement of the manufacturer. Coffee in Diversions has been changed to French Roast and has received positive feedback.
• DCS has been interviewing for their chef position and did a tasting event for one of the applicants.
• Two new reusable mugs will now be available at Dining Services: a mug for $5 with a lid, and $4.25 without, and a water bottle for $7.50. Todd reminded the committee that water bottles are found all over campus, and that people should check lost and found for their supply.

The meeting was adjourned by Chairperson Elena Staver.

The next Food, Health, and Safety Meeting will be on April 24 at 4:00pm.

Respectfully submitted by
Deborah Hope, Office Manager
